

Hospital Operations Overview: 2025 performance

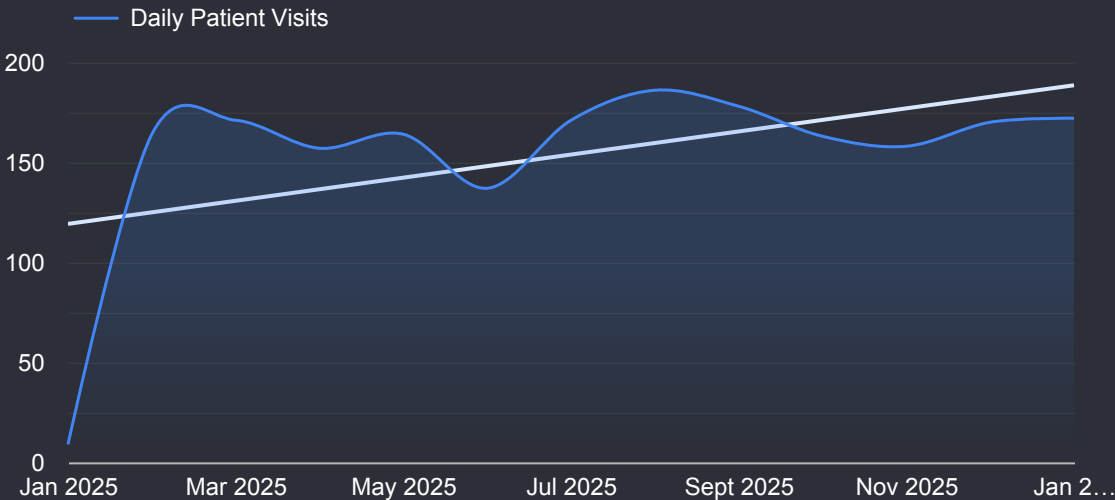

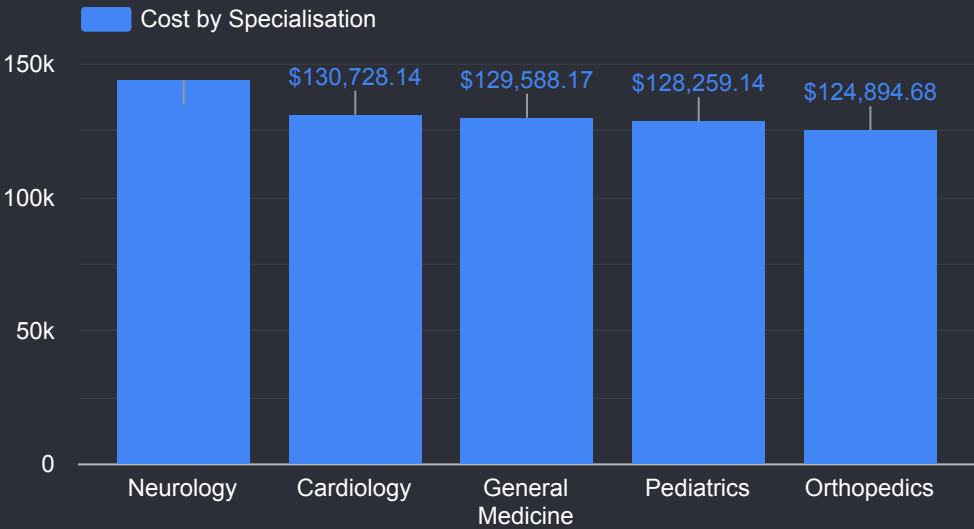

Total Expenditure
\$657,079.80

Patient Volume
2.0k

Patient Experience Index
3.07
↓ -23.3%

Satisfaction Score
3.1

specialisation

Neurology is the highest cost driver (\$138k)
The patient experience index (3.07) is below the target (4.0).

Stable patient volume suggests process inefficiencies rather than demand issues.

RECOMMENDATION ACTION

Reviewing staffing efficiency in neurology and cardiology.

Introduce patient feedback to the monitoring department

Track satisfaction to identify operational bottleneck
